

3-6 NEWSLETTER

DAILY CLASS LIFE

Our classroom has been enlivened by the seas and oceans during this period. With our diving suits on, We set off to uncover the secrets from the depths of the ocean.

END OF THE YEAR GOÛTER

As usual, We shared a pleasant moment over treats prepared by our little bakers, with lemon and lavender cookies reminiscent of our beautiful region. They also offered you a lively performance of a selection of sea themed songs, bringing to life their pretty, colourful jellyfish and inviting you to dive with us into the salty waters!

SPORTS SESSION

We were lucky enough to have Clémence visit us, a coach who introduced the children to new games and exercises, all while having fun. It was quite a challenge to run through the forest, all while avoiding pine cones and sticks to reach our team hoop!

BEACH DAY AND RESTAURANT

After a walk along the shore to reach our private beach, the children enjoyed a sunny day filled with sandcastle games. We were also expected for lunch at the Villa Djunah restaurant, where the children savored delicious dishes while sharing a good time around the table.

ILE SAINTE-MARGUERITE

Away, Island Hoppers! We decided to embark on a sea outing to wrap up this year. We set sail towards Sainte Marguerite Island and went to explore its nature through a plant recognition game along the botanical path.

After enjoying a nice picnic, we explored the mysteries and corners of the fort as well as its aquarium. Upon returning to the mainland, tired but with our minds filled with memories, the children were eager to tell you about their adventures.

FROM ALL THE 3-6 TEAM, WE WISH EVERYONE WONDERFUL SUMMER HOLIDAYS!
